The No. 1 Mill is adapted to any size saw from 40 to 60 inches in diameter. The No. 2 Mill, any size saw from 40 to 54 inches in diameter. Any style of saw desired, will be furnished at reasonable prices.

We furnish with each mill an agricultural wrench, wrench for saw and two cant hooks.

When saw is purchased of us, a swage is furnished.

We order saws from factory as an accommodation to our customers, and *will not* be held responsible for any delay in delivery.

Terms of Manufacturer's Warranty on Saws.

Each saw is warranted free from seams and flaws, and as true as saws can be made. All complaints relative to the quality are referred to the manufacturer and our action governed by their decision. No other warranty is given by us on saws than above specified.
